

Reading Colors Your World Online Summer Reading Program

We're excited to debut our online summer reading program, "Reading Colors Your World!" The program will run from June 1 through July 31 on our new platform, READSquared.

You may register using the link on our website at www.winfield.lib.il.us or you may download the READSquared app from your device's app store.

Register, log your reading online, and redeem points for virtual raffle tickets to win gift cards. Parents can add readers to their accounts to log their children's reading activity.

Although we are using READSquared this summer, the rest of our program will feel very familiar if you have participated in Summer Reading in the past. We have reading programs and special events for pre-k, kids, teens, and adults.

Read whatever format you like! Print books, audiobooks, and eBooks all count. For adults, each group of three books you read earns you a raffle ticket. For all other ages, every 60 minutes read earns a raffle ticket. These requirements echo our reading programs in past years. Don't worry! Digital badges will help you track your progress.

Since we are generally keeping our events virtual through the summer, we are offering an additional incentive to participate in online events! Every event for every age group will have a secret code word you can use to earn more points toward raffle tickets. Just log in to READSquared after the event and click the "Enter Code" button. There, you'll enter the secret code for the event you attended.

The last day to log activity is Saturday, July 31. Prize drawings will be held the week of August 2. Winners will be notified by e-mail or phone and prizes mailed to the address provided.

For more details about summer reading, please visit www.winfield.lib.il.us, where we link to READSquared and have all the details you need for each age group. We can't wait to share this fun new program with you, Winfield!
